

Riverside Partners' Portfolio Company, MaxVision, Named As One of America's Fastest-Growing Private Companies by Inc. Magazine

October 2008 – Boston, MA

Inc. Magazine ranked [MaxVision](#), a portfolio company of Boston-based [Riverside Partners](#), No. 1,506 on its annual ranking of the 5,000 fastest-growing private companies in the country. MaxVision, which has grown more than 250% from 2004 to 2007, was also ranked No. 34 out of the Top 100 Computers & Electronics Companies. The list is the most comprehensive look at the most important segment of the economy - America's independent-minded entrepreneurs.

MaxVision, based in Madison, AL, designs and manufactures extreme performance, rugged, portable computer workstations for commercial and military applications. The Company's products have quickly become the reference standard for portable workstations used in geospatial imaging as well as command and control applications; applications that are critical for both the military and intelligence sectors. MaxVision also designs systems for commercial OEM's and resellers providing portable video editing systems, web streaming, and presentation recording systems. MaxVision is well positioned to benefit from future market growth driven by the specific needs of demanding applications such as high definition video.

"Riverside Partners is very pleased with the exceptional performance that the employees of MaxVision have generated over the past several years. The Company continues to provide highly innovative solutions for very demanding applications within the military and commercial markets. It is wonderful for MaxVision to be recognized for its superb execution," said Brian Guthrie, a General Partner at Riverside Partners.

"Our second annual Inc. 5000 continues the most ambitious project in business journalism," said Inc. 5000 Project Manager Jim Melloan. "The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth."
